SEMI PERMANENT MAKE-UP

Semi-permanent make-up with its advanced new techniques and procedures will enhance your natural beauty and give your features shape and definition without ever having to visit your make up bag.

Also known as Micropigmentation, it is the term used for applying coloured pigments into the dermal layer of the skin. We specialise in eyebrow enhancement. The procedure is completely safe and effective.

Women of all ages are experiencing the difference Micropigmentation can make. After just one procedure you can have stunning smudge free make up that will last for years.
